Work experience:

Sales associate:

St jago high school front desk:

- Provided the merchandise that was ordered.
- Showed excellent customer service.
- Operated the cash register and returned the correct change to the customer.

Volunteer- Helped in building sites, learned about different materials and how they are used in house recreation.

As a hospital helper, I helped to bring around medication and learned what different medications were for.

Skills-

- Proficient In Microsoft word and some other Microsoft software
- Excellent communicator
- High responses to problems solving techniques
- Excellent team building skills
- Success and goal oriented

Study gap explanation- upon completion of my graduation and achievement of my CXC subjects I became a top candidate to return to the sixth form program (pre-university training) at st jago high school. I am currently still enrolled in sixth form there where I partake in business subjects and continue to train with my coaches for the upcoming National Jamaica U20 trials. I will be out of sixth form come this June and hence would be ready to enrol in Illinois state university (hopefully selected) without any form of idle time. I will continue to wait for coach d'nara jones to contact admissions and inform them of my application as well.
